Extern to The Honorable Joseph R.
Goodwin, U.S. District Court for the
Southern District of West Virginia,
2013

ADMISSIONS

Delaware, 2013
U.S. Patent and Trademark Office,
2010

Anthony focuses his practice on district court patent litigation. He has been involved in complex IP cases as both lead and Delaware counsel covering various technology areas, including pharmaceuticals, medical devices, radio-frequency identification (“RFID”) systems, exhaust gas treatment systems, oil wells, and computer networks.

He has also been involved in trademark and contract litigation in district court, as well as trade secret and contract litigation before the Delaware Court of Chancery.

Anthony’s experience spans many phases of litigation, from initial pleadings through final judgment, including taking and defending depositions and taking an active role on trial teams.

In his pro bono activities, Anthony has served as a volunteer advocate, under the guidance of Delaware Volunteer Legal Services (“DVLS”), in a “protection from abuse” matter in family court. He has also participated in the DVLS “Wills for Seniors” event. In his support of the ABA Death Penalty Representation Project, he worked on post-conviction proceedings that overturned an inmate’s death sentence.

While an undergraduate studying nuclear engineering, Anthony worked for two power utility companies with nuclear power generation facilities in Florida, gaining industry experience relating to radiation monitoring and regulatory compliance practices.

Professional Activities

- American Bar Association
- Delaware State Bar Association (Intellectual Property Section)
- Federal Bar Association (Delaware Chapter, planning committee for the 2018 District of Delaware Bench & Bar Conference)
